CONSUMPTION CURED!

CANCHALAGUA;
A SURE AND CERTAIN CURE OF
Coughs Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to
CONSUMPTION.
READ! READ!!

This medicine is just what it is declared to be above. A remedy for the *complete cure* of all those affections of the Throat and Chest which almost always end in CONSUMPTION. It is not a worthless, *catch penny article* made just *to sell* like many of the common nostrums of the day, but it is a strictly *scientific Preparation*—the original recipe having been furnished by an eminent Physician (the late Prof. Rogers) and that still further proved by one of the present proprietors who is himself a *regularly educated Physician*, a graduate of the University of Pennsylvania. It is composed of the choicest articles of the vegetable kingdom, most of them of long tried value and established reputation, and some of them *entirely new*, particularly the CANCHALAGUA, a plant of *most powerful* medicinal virtues, lately introduced into this country from California. The Recipe has been in the hands of Physicians who have universally approved of it and will be shown to any Physician who may wish to see it upon application either to the Proprietors or their Agents. It has been used in *multitudes of cases* and is strongly recommended by *Physicians*, even *Professors* in our Medical Colleges, Ministers of the Gospel, Judges, Lawyers, Merchants, Mechanics, &c.—a conclusive proof that there is *no quackery or deception* about it, but that it is a medicine of most uncommon virtue and efficacy.

PAMPHLETS.

As no ordinary sized advertisement can *begin* to do justice to the merits of this article, the Proprietors have embodied in a pamphlet form the *history* of the Medicine—the *description, nature* &c. [illegible] principal ingredients—the *effect* they are designed to have upon the human system—and above all the *vast amount of good* which it has done. They design to circulate this pamphlet extensively. If it should any one be overlooked, they are earnestly desired to call upon the Agents named below and procure one *gratis*. The *hints* on page 7 may be worth to yourself or family THOUSANDS OF DOLLARS, and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible.

Such being our confidence in its virtues we are willing to *wear out* the Medicine in *every recent case* used according to the directions, and where the patient is not satisfied that he is not deriving benefit from it, by returning the bottle within 24 hours time,

THE MONEY

will be refunded. ☞ See page 3d of the Pamphlet.

For sale wholesale and retail by A. L. SCOVILL & CO. Proprietors at their *Principal Office*, No. 10 Warren st. New York, to whom all orders for Medicine and letters relating to agencies, should be addressed, *post paid*.

☞ Be sure to ask for *Dr. A. Roger's Syrup of* LIVERWORT, TAR and CANCHALAGUA, and let no other be palmed on to you.

Caution.—*None genuine* unless there is on the wrapper a *note of hand* signed with a *Pen* by A. L. SCOVILL & CO.

For sale in Bangor, by LADD & INGRAHAM. Also—for sale by G. McFARLAND, SARGENT & EMERSON, H. B. HALL, Bangor, Horace Banker, Orono; R. F. Kensell, Oldtown; A. J. French, Dexter.

THESE are the *only Safes* (Wilder's Patent) that have in every instance preserved their contents when exposed to large fires like that of the Tribune office in New York, and many others, too numerous to mention.

FISKE & DALE

☞ **The Following Letter** from the Superintendent of the Maine Telegraph Company is another proof of the superiority of JOHN E. WILDER'S Safe over all others—

BANGOR, Oct 24, 1849

John E. Wilder Esq—
Dear Sir—The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office, in this city. It was in the fire six hours, the books and papers were uninjured, and the damage to the Safe very slight, although it fell from the second story to the basement of the building. The little repairs necessary to the Safe have been made, and we shall not need to return it. It is still as good as new.

Respectfully yours,
JAS EDDY.

GREAT IMPROVEMENT IN
Planing, Tongueing, and
Grooving Lumber.

JOSEPH P. WOODBURY'S
Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tonguing and Grooving Machine, now offers for sale Machines and Rights to use the same. This machine will plane 6,000 feet of boards to any uniform thickness in one hour producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane, and is peculiarly adapted to plane and joint clap boards, or weather boarding, and will do the work faster and better than any machine heretofore invented. This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder now in common use. The construction and organization of this machine is different from any other now in use. Communications for further particulars cheerfully responded to by addressing the subscriber (post paid,) Boston, Mass.

One of the above Planing Machines may be seen in operation by calling on the Patentee.

Another Life Saved.

Read the following letter from a Clergyman of Camden, Me., to the Editor of the GOSPEL BANNER.—

DOWN'S ELIXIR,—A CURE.

BR. DREW—being anxious to do good to my fellow beings as I have means and opportunity, I wish to state, through the Banner, that in my sickness last winter and spring, I received very great benefit from the use of N. H. DOWN'S ELIXIR.

I had been troubled some weeks with a severe cold which so affected the vocal organs that it was with great difficulty I discharged the duties of my office. My cold continued until I was completely prostrated by bleeding which created a dry, hard cough. My appetite failed, my strength wasted, and my flesh disappeared. Seeing Wistar's Balsam of Wild Cherry recommended in the Banner, I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, making a large amount of physic necessary, and also contracting the very organs that should be relaxed. I used other kinds of patent medicines but with no good effect. Seven weeks I continued gradually to sink under my disease, at the expiration of which time, I was extremely weak, my skin dry and husky, and my feet and hands cold most of the time. I had a dull heavy pain between my shoulders, and a distressing pain at the pit of my stomach. My tongue was coated with a thick, white fur, bowels very irregular and costive, a strict very night sweats, dry, hard cough, difficulty of breathing and low spirits. My stomach at this time was so sore and weak that it was with difficulty I could stand erect. This was my situation when I commenced the use of N. H. DOWN'S ELIXIR—And to my great joy, and the greater joy of my friends, I found that the use of it a few days had regulated my bowels, equalized the circulation and produced a healthy moisture upon the skin. I used three bottles in two weeks, which entirely removed the soreness and weakness from my stomach, gave me a good appetite, and greatly improved my strength. I continued its use six weeks, using six bottles at which time I was able to resume my ministerial labors. I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed.

I have given it to my children in *colds*, and in a case of *measles* and it has proved all it is recommended to be.

I therefore *cheerfully* recommend N. H. DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended. Yours truly, J. L. TUTTLE.
Camden, August 1849.

Facts deduced from the foregoing letter.

1st. Down's Elixir is laxative—curing costiveness while other medicine increases that difficulty.

2d. It is perspirant. It equalizes the circulation—restores a healthy moisture to the skin, and vigor and tone to the system.

3d. It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system.

4th. It cures colds—is an effectual remedy for the measles and proves 'ALL IT IS RECOMMENDED TO BE.'

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE, G. W. LADD, CURTIS & PERKINS, A. P. GUILD, WM. MANN, G. McFARLAND, Bangor; E. S. Smith, J. W. Curtis & Co., Hampden; Chas. Johnson, J. B. Chick, Frankfort; H. P. Field, Bucksport; J. Hooper Jr, S. P. Hatch & Co., Castine; B. Nourse, Geo. PATENTS
American and Foreign Office.

AGENCY FOR BUSINESS
With U. S. Patent Office
WASHINGTON.
NO 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office *where by a Patent may be procured about six weeks earlier* he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them, *matters, in general of paramount importance in order to obtain correct specifications and claims*. The experience of *sixteen* years practice, an extensive collection of rare works, decisions &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

HONEY! HONEY!!
BY BEES FED.

WHO ever supposed that the management of Bees and the making of Honey would be rendered a certain and profitable business? Yet it has been, and can now be done by all wishing to engage in the business.

A citizen of this State has invented a mode of treatment by which Bees can be managed without difficulty and at a small expense, honey made at the rate of from three to four hundred pounds per swarm, each season. The right of adopting and using this mode has been secured by Letters Patent, and the subscriber has purchased that right for the County of Penobscot, so that he now offers the same to others either by town or individual rights as may best suit purchasers and on such terms as bring it within the reach of all wishing to engage in it.

The advantages gained by this Patent, are—

1st, A perfect command of the Bees, and a large increase of the swarms, without the trouble of hiving.

2d, A full security against the danger of robbing by neighboring Bees.

3d, The honey is of a better quality and much more in quantity per swarm, than has ever been made by Bees managed in any other manner. This is done by feeding, as by that means the Bee is not only rendered independent of flowers for his supplies, but able to give his whole time to the work of making and storing his honey.

4th, The opportunity is afforded of taking the honey at any time without disturbing the Bees.

Lastly, It furnishes a fine opportunity for all professional men of small salary to make a good addition to their income, and to aged persons and persons of feeble health to support themselves independently and that too with little or no labor.

Such being the advantages gained by this Patent the subscriber recommends it to the public and assures all wishing to purchase that on trial they will find it answering their highest expectations.

His residence is at this place, where he will be happy to answer all those who may address him (post paid) on the subject.

PRIAM OF TROY
AIR-TIGHT
COOKING STOVE,
IMPROVED FOR 1849 & 50,

AND combining more advantages for Cooking, than any other Stove ever offered for sale in this Market.

WM. S. MITCHELL & CO

WOULD inform their friends and the public in general, that they have just received another lot of the above justly celebrated Cook Stoves, which makes their assortment equal to any in the city.

The Priam of Troy

Has the largest and best oven of any Stove ever invented. It will take in from four to ten of the largest sized plates, and it is heated quickly and perfectly even by means of deep hollow grooves in the back and bottom of the oven, exposing from three to five hundred square inches more surface to the oven than can be done by a plain surface.—The Stove is so arranged that the wood burns upon a self clearing grate, which gives you a clear and brisk fire, without being to the trouble of first clearing your fire room of ashes, and the fire can be preserved as long as in any other Cook Stove.

There is a sett of large Rims or Rings connected with the Stove, so that our Farmers and all who wish to use large brass or iron Kettles or any kind of old fashioned Ware, holding from one to ten pails can do it at their pleasure. The whole Stove is regulated by means of only one damper, is neat in its appearance, and in fact is one of the best companions for the kitchen now in use, as thousands who now have them will testify.

FRIDAY, MARCH 1, 1850.

☞ The speculations of the Washington letter writers are to the effect that the course which Southern members of Congress have taken, has wrought a great change in the minds of the Northern members, and they are beginning to open their eyes, and see plainly that an effort is being made not only to try and bully them, but even to extend the bullying into open acts of violence.

The Southern leaders begin to admit now that they cannot keep up the excitement much longer, as the great meetings of the people give assurance of the integrity of the Union, and they will soon, probably be willing to accept a proposition like that recommended in the President's California message. The correspondent of the Journal of Commerce, however, expresses the opinion, that no compromise can pass at this session of Congress,—that the Territorial and Slavery questions must be settled together,—that speech-making is a great safety-valve now, and that, after the excitement has worn off, as it will wear off, then will be a proper time to take up the ordinary legitimate business of the session; and that it will not be useful to attempt it before. Probably after the agitation has subsided, the appropriation bills can be passed. Then Congress may adjourn with or without a provision of necessary legislation for California.

In appears by the notice of the Secretary of the Lyceum that Israel Washburn Jr., Esq., of Orono will deliver his lecture on Modern Civilization before the Lyceum on Tuesday evening next.

Mr Washburn delivered this lecture before the Mechanics' Association, where it met with high commendations. Mr W. is a close observer, an earnest thinker and a keen analyser of men and things. His lecture happily combines these characteristics; and when delivered with his impelling warmth makes an impression upon the mind which enriches and satisfies it. Mr Washburn is no mere worshipper of the odor of the past. His reverence for the past is only for what it has done for the progress of civilization. His hope is in the future. He sees mankind rising to higher and higher planes of civilization.

Mr Washburn possesses a mind suited to the times. He is practical. His lecture will do good and the teachings and efforts and labors of such men are needed in our country at this time and they should not be suffered to remain hidden or idle by an excess of modesty or for want of a fair opportunity in which to work.

The United States Monthly Law Reporter. Vol. 1, No. 1 & 2. Edited by John Livingston, of the New York Bar.

In the month of January, Mr. Livingston published the first number of this Magazine, with the intention of continuing it a year, at all events. During the month the amount of moneys received for subscriptions was $1,310! This is proof that the Magazine is very favorably received by the Bar, and will be sustained.

The object of the Magazine is, to collect such decisions and legal intelligence as may be most useful and interesting—to give accurate and condensed reports of such civil and criminal cases as comprehend judicial decisions or interpretations of importance to the practising lawyer. Each number will contain one or more articles of general interest, with interesting cases in advance of the regular volumes of reports, decisions of courts having no regular reporter, and digests of the principal American and English decisions.

The number of pages in each is 104, and the subscription price is five dollars per year. It is a very cheap law periodical. The two numbers published, we think, fully come up to the promises of the editor. Certain matters of practice appear in them, which are collected in no other work, and are of importance to all lawyers. We believe this will be a very popular periodical with the Bar.

"A Trap to catch a Sunbeam" : "Only."

These are two little thin volumes of humble pretensions, with the appearance of having been writen for children, and so they were, but from the singular beauty of the style, and from the rich and unmistakable moral which they contain, they cannot fail to interest children of a larger growth. In proportion as you multiply and disseminate good books, you will aid the cause of virtue. Thousands of stories will be read and straightway forgotten, but no child who has read *"A trap to catch a Sunbeam,"* will ever forget it. That so many of our youth are vicious and fall into every species of dissipation, is owing in part to neglect on the part of parents in supplying them with interesting and profitable books. Our word for it, fifty cents laid out in the purchase of those books will be a profitable investment. They may be found at Mr. Duren's. W.

The Buchanan Platform.—The Democrats of Philadelphia held a meeting on Friday evening last, at which they passed a variety of resolutions, which are understood to present substantially the platform on which ex-Secretary Buchanan stands, and by means of which he expects to reach the Presidency. These resolutions deny the right of Congress to make laws for the people of the territories, and denounce the Wilmot Proviso as an ancient, aristocratic, pernicious and pestilent political heresy,' the design of which is to destroy the sovereignty of the States and to consolidate a central sovereignty, easily managed by the few at the expense of the many. The right of Congress to abolish Slavery in the District of Columbia, is denied, and the 'fundamental obligation' of every citizen to aid in restoring fugitive slaves, is asserted.

The Legislature of Alabama (both houses, have met in convention, and appointed 36 delegates to the Southern Convention viz Four delegates to each U S Senator, and four from each of the seven congressional districts of the State.

Ice Wanted.

Our friends in New York and all along shore have failed this winter in getting a crop of ice, and they call loudly upon our people to save them a supply from the abundant and beautiful yield in this vicinity.

There is ice enough in Maine to supply all creation, and a few weeks devoted to the business of collecting it by those near navigable waters, will give a handsome return for the outlay; especially if they could get some of the machinery and skillful workmen from Massachusetts. But without these the universal Yankee genius will be found adequate to gathering in a crop of ice which may be made profitable. Now is the time for the display of a little enterprize by the people in Maine.

☞ A letter from Valparaiso, dated Dec. 26th, has been received by Wm. Boyd, Esq., in this city, from his brother, a passenger in the Bark F. A. Everett, which sailed from Belfast for California, on the 14th of September last.

The letter states that they spoke and passed five vessels bound for California, only two of which were mentioned; the bark Rio Grande, spoken off Cape Horn, Dec. 2, from Bangor; ship Norfolk, from Boston for California, 111 days.

There were at Valparaiso, six ships bound for California, all laden with lumber. Freights were very high.

The F. A. Everett has outsailed every thing she has seen upon the sea.

☞ We have received from Mr. Bugbee a copy of "The Family Expense Book, designed for the use of Families and Individuals in keeping a correct account of monthly and yearly expenditures." The work is so ruled and headed as to make the labor of keeping such accounts very light Every family should keep an expense book, and every young man would derive great benefit from the ownership and fruitful use of this book. It would not only furnish him valuable statistics at the end of the year, but valuable suggestions also.

☞ Mr. Moody will sell to-day a handsome collection of Green House Plants from Mr. Brockmuller's establishment. Those in want of thrifty plants, beautiful roses and the like, would do well to attend the sale, and give encouragement to a worthy Florist.

Since the above was in type we learn that on account of the coldness of the weather this sale is postponed.

☞ Mr. Thomas Beacroft, the enterprising and skillful Gardener of this city, brought to us yesterday a mess of new potatoes and two bunches of cress; one bunch, the Broad Leafed Cress, from seed sent to him from the Patent Office at Washington. The Commissioner of Patents or any body else who has rare seeds will find Mr. Beacroft just the man to bring them to perfection.

☞ The members of the Apprentices' School will give an exhibition at Market Hall this evening, and will dispose of tickets for the purpose of enabling them to pay hall rent and other necessary expenses. They will doubtless, furnish a pleasant entertainment to their friends.

Col John A. Pettingill has been nominated by the Whigs of Augusta for Mayor.

Mrs Swisshelm on Female Locomotion.

This lady, in the Saturday Visitor, has the following remarks on this interesting subject:—

"Walking is getting quite out of fashion, and young women now-a-days griggle along as if they were moved ahead by one of Ericson's patent propellors. The walk is as crooked as that of a ship with all her sails and no rudder. They are as graceful in their motions as a militia colonel's horse, or a broken down 'racker.' I notice they are as fully deformed, too, as a general rule, having great humps on their backs like dromedaries,—all which is doubtless very pleasant to the traders in cotton batten and hay. This 'new edition' of the shape may be a great improvement on the original, but if so the original must be 'shocking bad;' for if there is an ugly-looking object, it is one of these wadded and papped young women. If one of them should be furnished by nature with these humps (or heaps) she would be exhibited as a curiosity, at a fip a peep like a double headed pig. Some months since some one sent me through the P. O. a semi-circular bag of cotton, and I was told it was a very prominent article of female wearing apparel, used to perfect the human shape! It is a curiosity, and a few years hence I mean to send it as such to Barnum's Museum. It looks like anything except an article of dress. There is nothing to compare it to, in the heaven above, on the earth beneath, or waters under the earth. They call it—so I am told—a bishop—and so, I certainly go in for

'A church without a bishop,'

as heartily as for

'A state without a king'

I hope, after reading these strictures, that the young women will give up wriggling through the streets like a parcel of eels; content themselves with the human form, and try the experiment, at least, of acting like responsible beings.

Mr. Joseph W. Allen, of Brooklyn, Me., (probably Brooksville) was struck by lightning and killed, 18th inst., on board of schooner Flareo, of the same port, when in lat. 34, lon. 74.

A Rally for the Union. The following beautiful and soul-stirring appeal for the Union is from the Lancaster county (Pa.) Farmer, edited by Lydia James Peirson:

Disunion. Is it, can it be possible that men are so mad, so utterly irrational, as really to contemplate a disunion of this great republic? Surely it cannot be. It is a project meet only for the thought of a demon or an idiot.

Look at our country now. Nearly half the globe, embracing every variety of soil and climate; yielding the productions of every zone; rich in agriculture, manufactures, arts and commerce; everflowing with all that is necessary to human life and comfort; casting up from its bowels untold treasures of iron, copper, and gold. Aye, behold this widespread treasure-house, peopled with the free, the strong, the enterprising of all nations under the sun, leagued and banded together a common interest; the inhabitants of each peculiar section drawing forth the natural resources and wealth of their peculiar province, and, by an admirable system of domestic commerce, bartering and interchanging with each other, so that every State enjoys the productions of each of her sisters.

It is not this great country for which we bless our patriot farthers; the freedom which they won in hunger, in cold and in rags; marching barefoot in winter, and encountering the foe, faint for lack of food; the freedom which they bought with suffering and death, this is not the legacy for which we honor their ashes. The country might groan in agony, be made a desert by oppressions and despair. Freedom is no hereditary inheritance, but dwells with those only who are worthy of her;

The bequest of our fathers, the palladium of our prosperity, the stamen of our existence the legacy which they bade us cherish, is union!

Union is our wealth. Union is our prosperity. Union is our strength. Union is our security.

Our beauty, our honor and our glory is this perfect Union. Upon its strong arch rests the temple of Liberty; and we know that on no other foundation can the dome of the goddess stand.

This Union, so glorious, so beautiful, binding together children of all lands, to dwell in brotherhood from the North to the South; from the wild Atlantic to the cradle bed of the Pacific sleeper. Who will shake this broad land? Who will dash to pieces the palladium of our rest? Who will rend to pieces the testament of our fathers? Who will break down the noble arch on which rests the temple of Liberty?—Who will *sever the nerves and arteries that diffuse life and feeling through this mighty body politic?* Who will make us poor and despicable, a scorn and a pity to the now admiring world!

Oh, God forbid that such fearful evil be brought upon us. Let the rash hand that shall be raised to strike, fall palsied and withered; and let the tongue that shall advocate the suicidal madness, rot within its vocal hall; and let the names of all such be buried in infamy, for ever and ever!'

Let the local 'interests be sacrificed, let sectional feelings be repressed, let irreconcilable opinions and interest be laid as a sacrifice upon the altar of the commonwealth; around which let the North and the South, the East and the West, join hands and swear at whatever cost, at whatever loss, at whatever sectional sacrifice, to defend, protect, strengthen and perpetuate that for which our fathers bled, that for which Washington lived and labored, for which all the good and the great are ready to toil, and to die. The tower of our strength—the ark of our safety—the seal of our prosperity—the bond of our Union!

☞ The recent speech of Mr. L D. Campbell of Ohio, in the House of representatives, attracted much attention. It is hoped that Mr. C. will prepare it for the press, for as yet only a brief synopsis has appeared, an item of which is as follows:

Mr. C. took up the assertion of Mr. Clingman, that the slave States were the most enlightened—the most civilized, and the most happy people in the Union. He went into a comparison of statistics, and showed that Ohio, a young State, with about the same white population of North Carolina, South Carolina, Georgia, Alabama, and Mississipp, had 1,816 more colleges and schools, and educated in 1840, 131,000 more children than all these States together. He said that he would descend to counties, and would take one from the *intelligent and happy* district of the gentleman (Mr. Clingman,) who had commenced the comparison. He had selected the county of Buncombe, believing, from the great number of speeches which had been made for many years here and elsewhere, for the benefit of her people, that they were by this time the most enlightened! He showed that this county with a white population of nearly 9,000, had just the same number of schools that the free negroes supported in nearly every village in his (Mr. Campbell's) district, namely, the whole of *one School!* Scarcely a whole one either, for there were scholars attending it to the *enormous* number of *ten!* Mr. Ashe, of North Carolina, who had several times interrupted Mr., again arose, when Mr. C.'s time had nearly expired, and asked him to go into the statistics of crime.—C. said with great promptness, "I think it likely the statistics will show more persons in Northern Penitentiaries than in Southern, The reason is obvious. We *punish* those who are guilty of crime while you allow your rascals to run at large! At least we have lately had pretty good evidence that such is the fact!"—This home thrust created a great laugh and sensation in the Hall. Mr. C. proceeded a few minutes longer and the hammer fell, amid loud cries from all parts of the Hall of "go on Campbell," "go on." But Mr. C. took his seat evidently without having completed his remarks.

☞ The Boston Times, an out and out loco paper, pays the following handsome compliment to Mr. Clay:

"The fact that hundreds of thousands of Mr. Clay's Compromise and Union speech have been printed 'to order,' for general circulation, and that probably a million copies of it have been circulated by the newspapers, most conclusively shows that the sentiment in favor of a compromise of the slavery question, and for the preservation of the confederacy as it is, is very strongly entertained by the American people, both at the North and in the South. People, it is altogether probable, care very little for the details of Mr. Clay's plan of compromise but they do care a great deal for the ideas of Mr. Clay on the general subject, as being those of a man of eminent talents and distinguished services. The plan that may be adopted may not contain a solitary item taken from that of Mr. Clay; but neither the existing generation nor posterity will be the less likely to do him justice as the real author of the settlement of a vexed and vexatious question, which has caused an immense amount of ill-feeling to be generated through the unscrupulous ambition of selfish men. With Mr. Clay's general political views we have never had any sympathy, and we never shall have any; but for this attempt of his to bring back peace to the country, he is entitled to high praise from every quarter, from political foe as well as from political friend."

Fourteen slaves, liberated by Dr. John Casson, of Mississippi, were brought to this city two or three days ago, by their late master, to have their freedom papers made out. We understand that Dr. Casson intends to superintend their settlement himself, somewhere in Ohio.—Cin. Gaz., Feb. 19.

A rich officer of the revenue one day asked a wit what kind of a thing opulence was? "It is a thing," replied the philosopher, "which can give a rascal advantage over an honest man."

Washington, Feb. 27.

In the Senate, Mr Seward presented a memorial of the people of the valley of the Rio Grande west of that river, asking the establishment of a territorial government for them.

The Senate took up Mr Clay's resolutions.—Mr Benton read several Spanish laws for the purpose of showing that slavery was abolished in Mexico a year prior to the acquisition by the U. S. Of New Mexico for the same purpose. He read also from the constitution of Mexico, adopted in 1843 which declares that no one is a slave in the territory of the nation. He also entered at some length into an argument to show that if slavery had not been abolished no man would be to the trouble of taking a slave under the law governing slavery unless for the purpose of freeing them, because that law favored the slave so much more than the master as to make slavery unsafe and unprofitable. In this view he contended, that nothing was to be gained and nothing lost by the presence of the Wilmot proviso, in connection with the territories of New Mexico and California.

Mr Rusk took the floor and proceeded to address the Senate in vindication of the right of Texas to all the Territory claimed by her east of the Rio Grande and in opposition to the 3d resolution of the series introduced by Mr Clay, in relation to the boundary of Texas.

Carrier Pigeons. We learn that when the news of the last steamer from California was received in New Bedford, two carrier pigeons were despatched to Nantucket in advance of the boat, with an abstract of the most important particulars of the intelligence. One of the birds arrived safely at Nantucket. The other, was driven by the winds off its course, and becoming confused, turned its wings towards Falmouth, and took refuge in the house of a Mr. Lawrence, who is in California. The despatches were eagerly taken possession of by the family, who thus obtained news two days in advance of a letter from the absent husband and father. The bearer, after a short tarry, was dismissed by his hospitable entertainers, and as is supposed, returned to New Bedford.

[Sandwich Observer.

Omitting too Much. A smart, good-natured, money-making, up country Jonathan, who said every thing drily, 'got things fixed,' and struck up a bargain for matrimony. The parties agreed to employ a coarse country justice to put up the tackling, who commenced the ceremonies, by remarking that 'it was customary on such occasion to commence with a prayer, but he would omit that,' on tying the knot, he said 'it was customary to give the married couple some advice, but he believed he would omit that also.'

The ceremony being ended, Jonathan took, the squire by the button-hole, and clapping his finger to his nose, said;

'*Squire*, its customary to give the magistrate five dollars—*but, I b'lieve I'll omit that.*'

The Lost Leaf.

Lone trembling one!
Last of a summer race, withered and sere,
And shivering, wherefore thou art lingering here?
Thy work is done.

Thou hast seen all
The summer flowers reposing in their tomb,
And the green leaves that knew thee in thy bloom,
Wither and fall!

The voice of spring,
Which called thee into being, ne'er again
Will greet thee, nor the gentle summer rain
New verdure bring.

The zephyr's breath
No more for thee will wake its melody;
But the low sighing of the blast shall be
Thy hymn of death.

Yet a few days:
A few faint struggles with the autumn storm;
And the strained eye to catch thy quivering form,
In vain may gaze,

Pale autumn leaf!
Thou art an emblem of morality.
The broken heart, once young and fresh like thee,
Withered by grief.

Whose hopes are fled,
Whose loved ones all have drooped and died away,
Still clings to live, and lingering, loves to stay
Above the dead?

But list!—even now
I hear the gathering of the wintry blast;
It comes—thy frail form trembles,—it is past!
And so ar thout!

—*Wm George Crosby.*

BAPTIST MINISTER.

We publish below the certificate of an highly respectable clergyman of the Baptist Denomination, which we think must at least convince the members of that church that Dr. S. P. Townsend's Sarsaparilla is an extraordinary remedy.

Dr. S. P. Townsend—Sir: Having for some time past been afflicted with a Pulmonary affection of my lungs and a continued pain in my side, owing to evening exposure in travelling, after preaching. Finding my disease to increase, with much difficulty of breathing and other alarming symptoms I was advised by a clergyman a friend of mine, to try your celebrated Sarsaparilla. I did so, and after taking two or three bottles, I found my self relieved. My appetite has been restored. I find my self much stronger, and hope very soon to resume my usual duties. I have been so greatly benefitted by you excellent medicine, I feel it my duty to make known the facts for the benefit of others who may be laboring under the same difficulties that I have been for some time. Respectfully yours,

SAMUEL WHITE,
Pastor of Baptist Church, Staten Island.

A NEW ARTICLE.

BLISS'S COMPOUND COD LIVER OIL CANDY *For the Cure of Coughs Colds, Influenza, Hoarseness, Bronchitis, Catarrh, Tickling in the Throat, and all Lung and Bronchial Affections.*

THE WONDERFUL curative powers of Cod Liver Oil in all cases of Cough, Colds and Consumption, have been clearly demonstrated by the most experienced physicians in Europe and America. Its peculiar virtues are already too well known to need any description here. The nausea and disgust which many people experience in swallowing the Oil in its usual form of administration is entirely obviated by the discovery of the mode of preparing it in the form of a most agreeable Candy, possessing and preserving all the medicinal qualities of the Pure Cod Liver Oil without its nauseous and repulsive taste The powerful curative principle of this Oil being thus retained, and continued with other healing and harmless ingredients, justly celebrated for their efficacy in the above mentioned complaints, forms one of the most soothing Cough Remedies, and remedial agents or staying the advance of Consumption that has ever been discovered. This Candy needs but a fair trial to convince the skeptical of its excellence. Public speakers and vocalists will find it an excellent article for removing obstructions from the throat and clearing the voice.

N. B.—Be particular and enquire for "Bliss's Cod Liver Oil Candy," and observe the signature of the proprietor on each package

Prepared and sold by B. K. BLISS, Druggist, sole Proprietor, Spingfield, Mass.

Great Cough Remedy!!

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS,
HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH
AND CONSUMPTION.
This beautiful, agreeable, and highly concentrated preparation of the "WILD CHERRY," is now universally acknowledged to be the only effectual cure for complaints of the Lungs and Throat. In every case the patient is relieved by its use, and in most, if persevered in, is permanently cured.
The Formula for which it is prepared has been laid before the Medical Colleges and a large part of the Medical Profession of this country, and they have agreed in according it unlimited praise as the most skillful preparation and the most certain known remedy for diseases of the Lungs and Throat.
READ THE FOLLOWING FACTS.
Dr. Brewster, of Windham Co., Conn., sends us the following testimony:—
Dr J C Ayer—Dear Sir:—I enclose you a certificate from Mrs. Catharine K Cady, a highly respectable lady of this village, wife of Mr. Seth Cady, Deputy Sheriff, Windham, Co., Connecticut. The cure in her case was very prompt, and has attracted general attention. W. A. BREWSTER, M. D.
WEST KILLINGLY Ct, Sept 28, 1848
This may certify that I was afflicted with a very severe cough in the winter of '47 & which threatened to terminate in Consumption. I had tried many medicines in vain, and was cured by the use of AYER'S CHERRY PECTORAL.
DIRECT EVIDENCE.
Dr. J C Ayer, Lowell—Dear Sir —Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. I was obliged to give up business, frequently raised blood, and could get no sleep at night. A friend gave me a bottle of your Cherry Pectoral, the use of which I immediately commenced according to directions. I have just purchased the fifth bottle, and am nearly recovered. I now sleep well, my cough has ceased, and all by the use of your valuable medicine
E. S. STONE, A. M., Principal Mt Hope Seminary.
From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Mass —
Dr. J. C. Ayer—Dear Sir.—Enclosed please find remittance for all the Cherry Pectoral last sent me. I can unhesitatingly say that no medicine we sell gives such satisfaction as yours does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians are using it extensively in their practice, and with the happiest effects Truly yours, D. M BRYANT.

PORTSMOUTH, Sept 29 1849

Mr J P MORSE, Agent for "White's Hair Restorative"

DEAR SIR—I deem it my duty to state some facts respecting the inestimable value of White's Hair Restorative Several years ago, after a severe fit of sickness, my wife lost all of her hair, the scalp appeared dire sod, and the hair grew out brash, and uneven About a year ago, by another fit of sickness, she lost all her hair a second time, and for a long time there was apparently no action in the scalp After various applications I was induced to try the above mentioned Restorative and now after the use of a few bottles her hair has grown out as thick as ... lustrous and as beautiful a color as ever Furthermore, for a long time I have been afflicted with neuralgia and other pains in my head, and I have found it the best external remedy I have ever tried It can therefore cheerfully recommend it to all who are afflicted as above, as the best article I have ever seen

Dr. Townsend's
COMPOUND EXTRACT OF
SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body It is one of the very best

SPRING AND SUMMER MEDICINES

known It not only purifies the whole system and strengthens the person but it *creates new, pure and rich* blood, a power possessed by no other medicine And in this lies the grand secret of its wonderful success — It has performed within the last five years, more than 35,000 cures of severe cases of disease, at least 15,000 considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10 00 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED.

Cleanse and Strengthen Consumption can be cured Bronchites, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c., have been and can be cured

SPITTING BLOOD.

New York, April 28, 1847

DR TOWNSEND—I verily believe that your Sarsaparilla has been the means through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live — I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city. I raise no blood, and my cough has left me You can well imagine that I am thankful for these results.

Your obedient servant,

WM RUSSELL, 65 Catharine st

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured, The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq , one of the assistants in the Lunatic Asylum , Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847.

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours, respectfully,

JAMES CUMMINGS.

FITS' FITS' FITS'

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits: we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhea or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness — It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period *"The turn of life,"* should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth — in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flushes of loveliness that all admire but none can describe This beauty is the offspring of *nature*—not of *powder or soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexion, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied, are delighted Ladies of every station crowd our offices daily

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females &c, &c* and have copied our bills and circulars which relate to the complaints of women word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females recommended theirs although previously they did not A number of these Mixtures, Pills, &c , are injurious to females, as they aggravate disease and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood ... Three persons cured in one house is unprecedented

THREE CHILDREN.

Dr. Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.— They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under great obligation. Yrs respectfully,

ISAAC W CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

McKENNEY'S COSSACK SALVE!!
An Invaluable Remedy

FOR Fever Sores Rheumatism, Swelling of the Feet and Limbs Swelling of the Tonsils or Sore Throat Chronic Eruptions of the Skin, and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breasts, Weakness or Pains in the Stomach Piles, Corns, Warts and Common Sores and Cuts and Bruises of all kinds.

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments" and "Panaceas" that are now advertised as the "most effectual" and *certain cures* for all diseases indiscriminately, to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friend and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated, we do not and shall not call to our aid the empty *"puffing of the Press,"* or the bought certificates" of individuals, and shall make use of them only so far as they have been, or hereafter may be, entirely *voluntary and unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates —

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1815 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M McKenny, and continued its application until I had used six bottles, which entirely cured me, and I have had no return of the disease since I would also say that I know the above Salve to be a cure for Corns, one of my family having used it for this purpose with complete success

DANIEL SPAVLY

Dexter, (Maine) May, 1846.

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 1 box of JONATHAN McKENNEY'S SALVE, which effected an entire cure in less than two months SIMEON MARSTON

Gray, May 11, 1846

BANGOR June 5, 1846

Mr. McKenney.—In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few boxes of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed, to my great satisfaction that it was an invaluable article I also made application of it in cases of Cuts Sprains and Bruises upon my cattle, and found it equally beneficial It can truly be called the All-Healing Salve

DOCT ABBOTT'S BITTERS, for sale by G McFARLAND,

dec 19 6 Main Street

If thousands of Cures of Scrofula, Cancers Syphilis and other impure diseases of the Blood—and if the very SMALL QUANTITY which was used of a Medicine to effect Cures of such Diseases be any proof of the purifying medical power in the Medicine which has subdued and conquered such Diseases—then there is unquestionable evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine in every respect , and there is abundant proof in *great cures* effected that ONE BOTTLE of it contains *more* purifying, healing virtue, and *medical power* than there is contained in *Four Bottles* of any *sarsaparilla*, or any *other medicine* that has ever been offered for sale There is undoubted proof in our pamphlets that by the use of this great *Indian Purifier* they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS, and otherwise diseased, have been HEALED and CURED

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested ALL the *sarsaparillas* and other medicines recommended to cure blood diseases, have *decided* that—

Brant's is the Cheapest,

because *One Bottle* of it has *more* medical curative matter in it, and in consequence, cures *more disease* in much *less time*, than *one bottle* of any other medicine.

If then *ONE Bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle* of *sarsaparilla*, " BRANT'S PURIFIER" would be *as cheap* at *four dollars* a bottle, as *sarsaparilla* at *one dollar* But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle and as a bottle of it *has* cured, and is *capable* of curing *Four times* as much disease as *one bottle* of *sarsaparilla*, therefore sarsaparilla, in consequence of its *less* power and *less* medical efficacy, should be sold at *no more* than *Twenty Five Cents* per bottle, to be as *cheap* as the PURIFIER at *One Dollar*

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *One Dollar's worth* of *Brant's PURIFIER* cure? Read the following statement, which is a specimen of its power

CANCEROUS SCROFULA!

This is the case of a *Dying man* who *yet lives* He was *cured* of a worse case of Scrofula, by only *Twelve Bottles* of Brant's Purifier than ever was cured by the use of *Twelve Gallons* of the *best sarsaparilla* that was ever made Sarsaparilla has not *sufficient medical power* to effect the cure of such a *revoltingly hopeless* case

Mr J B HASKIN of *Rome, Oneida Co N Y* had *Scrofula four years*—was continual to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head He had the *best* medical advice—had used *all* of the *best sarsaparillas* to no good effect—got *worse and worse* and was considered to be in a *Dying State*, and could not live *twenty four hours* longer, when he commenced using BRANT'S PURIFIER His *neck was eaten nearly off* from *ear to ear*—a *hole* was eaten the night his *windpipe* under his chin, so that he breathed through the hole—his *ear* was so eaten around that it could be *lifted* up out of its place, it only holding by a *small* piece—the use of *one arm* was *destroyed* by two Ulcers—an *Ulcer* under the arm as large as a man's *hand* had nearly *eaten* through his side *into his body* Thus, he was afflicted with *Twenty such putrid, acrid, offensive Ulcers* on various parts of his person For further and full particulars see our *Pamphlets*

Doct THOMAS WILLIAMS one of the most skilful physicians of Rome was called to see Haskin the *day before* he commenced using *Brant's Purifier* Doct. W examined him and then told him that *all* the *medicines* in the *world* could *not cure* him—that his case was

Worse than Hopeless!

Now hear Mr HASKIN'S statement of cure He said My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*—THAT BOTTLE enabled me *to get off my bed*—the SECOND bottle enabled me to *get out of the house*—the THIRD enabled me to *walk two miles* and when I had finished using *Nine Bottles* SEVENTEEN out of *Twenty Ulcers* had HEALED UP, and *three bottles* more effected a *perfect* cure and restored me to *good health*

FOURTEEN WITNESSES!

The above facts are certified to by DOCTOR T. WILLIAMS Mr G. B BROWN of *West Rome Hotel* Messrs BISSELL & LEONARD Druggists, and ELEVEN other *respectable witnesses at Rome*

CANCERS CURED.

Mr O B KINNEY, merchant *Clinton Oneida county*, N Y , informed us that a *cancer-doctor* in said county was effecting wonderful cures of *CANCERS* through the efficacy of " BRANT'S PURIFYING EXTRACT " *A cancer-doctor* in Greene county, N. Y, is also using said PURIFIER Mr A B SETTLE, druggist, at Canajoharie Montgomery county, N Y , has informed us of an important *cure of a CANCER* of long standing, which was effected on an aged lady of that place If, therefore, this PURIFIER *cures Cancer*, by its purifying, healing power, what impure disease of the blood can it not cure? Seven years' experience and triumph says there are none but what it will cure

FEVER-SORE CURED.

The Rev RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, N Y , wrote to us " I have just received a letter from Mr CHARLEY DUNNING, relative to the cure of his Fever sore You may depend on what it states, for he is a Christian man and an elder in the church Some years since he had to have one of his legs *cut off*, to save his life, in consequence of a Fever-sore The other leg being now affected and about to be amputated, I recommended BRANT'S MEDICINE Read the result He says " *I have used only THREE BOTTLES of* BRANT'S MEDICINE *I placed ALL HOPE, from your recommendation, in that Medicine*, and I can now say that, with the blessing of God, *it has effected a cure of my leg* " See Pamphlets for full particulars

LIVER-COMPLAINT!

Dr NATHAN HUBBARD, of *Stamford, Conn* , one of the oldest and most respectable physicians, was afflicted with *Liver-Complaint* many years, and was *perfectly cured by using* BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases also cured

FEMALE WEAKNESSES & COMPLAINTS,

No remedy offered to the public has ever been *half as certain and effectual in restoring* ALL the incidental *weaknesses* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess*, or other *weakness*—it REGULATES ALL, by *strengthening the SYSTEM, equalizing the CIRCULATION and soothing and allaying NERVOUS IRRITABILITY* See pamphlets

W CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman at middle age*—the one case is *accelerated*, and the other so *gradually suppressed*, as to prevent any of the *fatal diseases* that frequently arise in consequence of such change

Dyspepsia—Sour Stomach!

ATTICA, Genesee Co., *February 1, 1848*

"M T WALLACE & CO —*Gentlemen* I was, for more than a year, afflicted with a disease of the stomach I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *eased and relieved the usual pain after eating* I therefore used a second bottle, which has completely cured the disease I am now well and hearty, and can eat almost any thing without being pained, or the stomach becoming sour

"Yours respectfully, T S WILCOX "

Mr Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LUCORRHŒA, &c

"BYRON, GENESEE Co, N Y, *Oct 19, 1847*

"Messrs. M T WALLACE & CO Some time last winter my wife became so debilitated from the effects of *Lucorrhœa* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted in useless efforts She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty five pounds, but by the time she had taken *four bottles*, she became perfectly well The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks

"Yours truly, C B GALENTINE "

The reader will observe that Mr GALENTINE says "*our* SKILL " He, we are informed by Z. S. TERRY, Esq., of the same place, has studied medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and thorough eradicator of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system* and it restores the *blood, muscles*, and *all the parts diseased*, to their original HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr A HOLTSTANDER, merchant, *Oberlin, Lorrain Co , Ohio*, wrote, December 18, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of *his wife's consumptive* cough, said " I have personally used *BRANT'S PURIFYING EXTRACT*, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE AND INVIGORATE THE SYSTEM that I have ever used In *every instance* where we have sold BRANT'S MEDICINES, *they have proved their efficacy, and given the* BEST SATISFACTION "

SALT RHEUM,

and all impure *chronic diseases of the* BLOOD, *are always cured by BRANT'S EXTRACT.*

CAUTION EXTRA.

A man by the name of *CLAPP* has engaged with a young man of the name of S P Townsend, and uses his name to put up a Sarsaparilla, which they call Dr Townsend's Sarsaparilla, denominating it *GENUINE* Original, etc This Townsend is no doctor, and never was, but was formerly a worker on railroads canals, and the like Yet he assumes the title of Dr, for the purpose of gaining credit for what he is not This is to caution the public not to be deceived and purchase none but the *GENUINE ORIGINAL OLD Dr Jacob* Townsend's Sarsaparilla, having on it the Old Dr's likeness, his family coat of arms, and his signature across the coat of arms

Principal Office 102 Nassau st New York City

OLD DR. JACOB TOWNSEND,
THE ORIGINAL DISCOVERER OF THE
Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the *AUTHOR* and *DISCOVERER* of the *GENUINE ORIGINAL "TOWNSEND SARSAPARILLA"* Being poor he was compelled to limit its manufacture by which means it has been kept out of market and the sales circumscribed to those only who had proved its worth and known its value It had reached the ears of many nevertheless, as those persons who had been healed of sore diseases, and saved from death proclaimed its excellence and wonderful

HEALING POWER.

Knowing many years ago that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated This time has come the means are supplied this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of deterioration or deterioration

Unlike young S P Townsend's it improves with age, and never changes but for the better because it is prepared on *scientific principles* by a *scientific man* The highest knowledge of Chemistry and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla The Sarsaparilla root it is well known contains medicinal properties and some properties which are inert or useless, and others which if retained in preparing it for use, produce *fermentation* and *acid* which is injurious to the system Some of the properties of Sarsaparilla are so *volatile* that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat are the very *essential medical properties* of the root which give to it all its value

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from any thing else they can then strain this insipid or vapid liquid sweeten with sour molasses and then call it " SARSAPARILLA EXTRACT or SYRUP " But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation is extracted and rejected then every particle of medical virtue is secured in a pure and concentrated form, and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men women and children We find it doing wonders in the cure of *CONSUMPTION DYSPEPSIA* and *LIVER COMPLAINT* and in *RHEUMATISM SCROFULA PILES COSTIVENESS ALL CUTANEOUS ERUPTIONS PIMPLES BLOTCHES* and all affections arising from

IMPURITY OF THE BLOOD

It possesses a marvellous efficacy in all complaints arising from *Indigestion*, from *Acidity of the Stomach* from unequal circulation determination of blood to the head palpitation of the heart cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds* and *Coughs* and promotes easy expectoration and gentle perspiration relaxing stricture of the Lungs throat, and every other part

But in nothing is its excellence more manifest ... and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS.

It works wonders in cases of *Fluor Albus* or *Whites Falling of the Womb, Obstructed Suppressed or Painful Menses Irregularity* of the menstrual periods and the like and is as effectual in curing all the forms of *Kidney Disease*

By removing obstructions and regulating the general system it gives tone and strength to the whole body and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation Neuralgia St Vitus Dance Swooning Epileptic Fits Convulsions &c*

It cleanses the blood excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the skin equalizes the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration relaxes all strictures and tightness removes all obstructions and invigorates the entire nervous system Is not this then

The medicine you pre-eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S.

because of one GRAND FACT that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES *souring fermenting* and *blowing the bottles* containing it into fragments the sour acid liquid exploding and damaging other goods Must not this horrible compound be poisonous to the system?— *What! put acid into a system already diseased with acid* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence heartburn palpitation of the heart liver complaint diarrhœa dysentery colic and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin Scald Head Salt Rheum Erysipelas, White Swellings Fever Sores and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours and thus spoils all the fluids of the body more or less What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases of impurity of the blood, of deranged circulations and nearly all the ailments which afflict human nature

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID " COMPOUND" OF S. P TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation !!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P Townsend's article! and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P Townsend's FERMENTING COMPOUND

We wish it understood because it is the *absolute truth*, that S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are *heaven wide apart, and infinitely dissimilar*, that they are unlike in every particular having not one single thing in common

As S P Townsend is no doctor and never was is no chemist no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants the best manner of securing and concentrating their healing virtues also an extensive knowledge of the various diseases which affect the human system and how to adapt remedies to these diseases!

It is to arrest frauds upon the unfortunate to pour balm into wounded humanity to kindle hope in the despairing bosom to restore health and bloom and vigor into the crushed and broken and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach and to the knowledge of all who need it, that they may learn and know by joyful experience its

CONSUMPTION CURED!

AND

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above A remedy for the *complete cure* of all those affections of the Throat and Lungs which, if neglected, always end in CONSUMPTION It is not a worthless, *catch penny article*, made just *to sell* like many of the common nostrums of the day but it is a strictly *scientific Preparation*—the original recipe having been furnished by an eminent Physician, (the late Prof Rogers,) and that still further improved by one of the present proprietors, who is himself a *regularly educated Physician* a graduate of the University of Pennsylvania It is composed of the choicest articles in the vegetable kingdom, most of them of long-tried value and established reputation and some of them *entirely new* particularly the CANCHALAGUA, a plant of *most wonderful* medicinal virtues, lately introduced into this country from California. The Recipe has been shown to thousands of Physicians who have universally approved of it, and will be shown to any Physician who desires to see it upon application either to the Proprietors or their Agents It has been used in *multitudes of cases*, and is strongly recommended by *Physicians*, even *Professors* in our Medical Colleges, Ministers of the Gospel, Judges, Lawyers, Merchants, Mechanics, &c ,—a conclusive proof that there is no *quackery* or *deception* about it but that it is a medicine of most uncommon virtue and efficacy

PAMPHLETS

As no ordinary sized advertisement can *begin* to do justice to the merits of this article, the Proprietors have embodied in a pamphlet form the *history* of this Medicine—the *description nature*, &c of its principal ingredients—the *effect* they are designed to have upon the human system—and above all the *incalculable amount of good* which it has done They design to circulate this pamphlet extensively, but should any one be overlooked, they are earnestly desired to call upon the Agents named below, and procure one *gratis* The *hints* on page 7th may be worth to yourself or family, THOUSANDS OF DOLLARS and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible

Such being our confidence in its virtues, we are willing to *warrant* the Medicine in *every recent case*, (if used according to the directions,) and where the person is not satisfied that he is not deriving benefit from it, by returning the bottle within 21 hours time,

THE MONEY
